City	State:	Zip:	County:

Burn Site Information

Who is the legal property owner of the structure you are proposing to burn?	
Have you obtained permission from the property owner to conduct this exercise?	
Street Address of burn site:	
UGA where training is taking place:	_____ 1/4 of Section _____ Township _____ Range _____
Include a map showing the address of the burn including the nearest intersection to the burn site.	

Fire Training Information

(use additional paper where needed)

Proposed date of the training:	Proposed time of the training:
Describe the structure(s) you will be burning. Please include the types of materials that will be burned and approximate dimensions of the structure(s).	
How will you ignite the structure?	
You are required to notify adjoining property owners and other potentially impacted people before conducting this exercise. What notification method (for example fliers, advertisement in local paper, etc.) do you plan on using?	
What measures will you take to reduce the amount of prohibited materials being burned in the proposed fire?	

What precautions will be taken to reduce smoke emissions from the proposed burn?

Asbestos Abatement

Code of Federal Regulations (CFR) 40, Part 61.145(c)(10) states that if a facility is demolished by intentional burning, all regulated asbestos containing material, including category I and category II nonfriable asbestos containing material must be removed in accordance with the NESHAP before burning.

An inspection for the presence of asbestos must be completed by a certified asbestos inspector. Asbestos must be removed prior to training activity.

Owner of building must submit Notification of Intent to Demolish/Renovate form to Ecology a minimum of **10 days prior to asbestos removal or the training activity**. This form is included with the application for fire training permit.

Describe fire fighting activities to be exercised during this drill. For example, initial attack, confined space entry, SCBA certification, search and rescue. **Attach a copy of your training plan.**

Describe the NFPA requirement(s) this training will test? (Use additional paper if necessary.)

Include a roster of names of the fire fighters and any other agencies who intend to participate in the training.

As the duly appointed representative of _____

I certify that this training activity has training value.

Signature of representative: _____
